**AMENDMENT AND RESPONSE TO NOTICE OF 11/03/2006
REGARDING NON-COMPLIANT AMENDMENT**

Dear Sir:

Please amend this application as follows.

Please add new Claims 32 through 34 as shown on the STATUS OF CLAIMS listing. A new ABSTRACT OF THE DISCLOSURE immediately follows the STATUS OF CLAIMS listing. Please substitute it in place of the Abstract that had been previously filed.

REMARKS

The rejection of Claims 17 through 23 on the references is respectfully traversed. Those claims are resubmitted without further revision. Claims 1 through 16 and 24 through 31 had previously been cancelled. A complete STATUS OF CLAIMS listing is enclosed on the following pages of this response.

The gist of the present invention is to optimally coordinate the eye, hand, and thought actions of the operator. A data stream of available information elements is moved into a defined transfer location at a controlled speed and in an even step-wise fashion. Each information element in turn is visibly displayed in the transfer location and pauses
